Dear Dave,

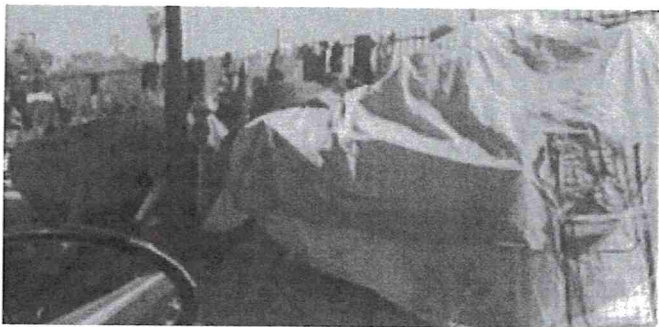

It was a pleasure to briefly speak with you.

As discussed, I'd would like to request to meet with Councilmember O'Farrell re: the Homeless Encampment issue near LA City College to see how we can collectively work together on short term and sustainable permanent solution.

My name is Bryan Kim and I'm with a firm Pacific Allied Asset Management that manages the large apartment complex on Marathon that has duly paid their city and local taxes and provided housing for local patrons for over a decade now.

Below is the specific areas of concern.

It appears it has consistently placed grave concerns, with many complaints and disruption for local and surrounding businesses with a negative impact to surrounding institutions, housing complexes with local residents.

We understand this is a long standing issue and inherent challenges, thus we are strengthened in our collective efforts to working together along with surrounding institutions as one collective unified voice.

I will be likely accompanied by President of Pacific Allied Asset Management and President of Korean Chamber of Commerce Los Angeles Mr. Lawrence Han.

Would we be able to meet briefly for 30 min. end of next week perhaps?

With diligent and kind regards,
Bryan Kim

I met with both of them an hour before he sent this email and discussed the issue for a long time.

We had a good meeting and I explained how they can help. I really don't think MOF needs to meet with them about this at this point.

Plus, I think we should be making some good progress at these locations soon.

They also invited MOF to the Korean Chamber of Commerce event on the 21st at the Biltmore. I told him to send an email about that too.

I think it's okay for the CM to meet with him for 20 minutes, I think it's good from time to time to meet with residents/stakeholders so that they know that the CM is fighting for them.

Aram, from his email he comes across as pretty respectful? was this the case in person?

Yes, Bryan is very respectful and willing to help out. We have planned to have conference calls every 2 weeks (him and I) to discuss progress.

We already told him MOF can't meet about this at this time.
